Work Experience

Web Designer

Etraffic Webexpert | September 2025 – Present

- Developed, enhanced and maintained client websites across e-commerce, real estate and professional services, including responsive frontend sections and layout updates.
- Customized Shopify storefronts, configured Recharge subscriptions, product metafields and metaobjects, and updated store/app settings to meet client requirements.
- Delivered iterative site fixes, functionality changes and maintenance tasks across multiple ongoing client projects.

Frontend Developer / Web Designer

Gsquare Web Tech Pvt Ltd | August 2023 – March 2025

- Developed and maintained 7+ client-facing websites using WordPress and Angular, achieving up to 40% improvement in page load speeds.
- Collaborated with UI/UX designers to build fully responsive and visually appealing interfaces for desktop and mobile platforms.
- Integrated third-party APIs and supported site performance improvements, testing and cross-functional implementation.

Education

Bachelor of Computer Applications (BCA)

Seth Jai Parkash Mukand Lal Institute of Engineering and Technology (JMIT), Radaur

Projects

Teviani: 🌐 **teviani.com**
Wall-art and canvas-print e-commerce website; contributed to client-requested frontend updates and site maintenance.

Arkgate Realty: 🌐 **arkgaterealty.com**
Real estate website; contributed to responsive website updates and section changes.

Victoria Marshman: 🌐 **victoriamarshman.ca/home-new**
Entrepreneurship and coaching website. Client project currently under development.

AYA-S – International & Denmark Fashion E-commerce Stores:
🌐 **https://aya-s.com/ (International) | https://aya-s.dk/ (Denmark)**
Contributed to Shopify storefront development and customization for international and Denmark-specific fashion e-commerce websites, supporting market-specific shopping experiences and website updates.

SarahDi Jewelry: 🌐 **sarahdijewelry.com**
Jewelry e-commerce storefront. Client project currently under maintenance.

BodyBlendz: 🌐 **www.bodyblendz.com**
Beauty and body-care e-commerce storefront; supported ongoing site changes and maintenance.

Delzur: 🌐 **www.delzur.com**
Handcrafted bags e-commerce website; contributed to client website development and updates.

Vinodelice: 🌐 **vinodelice.com/en**
Wine and fine-food e-commerce website; contributed to client website updates and configuration.

AR Studios CRM: 🌐 **ar-studios.onrender.com/auth/login**
Independent full-stack project — Python, Flask, PostgreSQL, SQLAlchemy, Jinja2 and Flask-SocketIO. Built authentication, role-based access, client and project records, tasks, milestones, notifications and project chat.

Dooreast – Real Estate Platform: 🌐 **dooreast.netlify.app**
Angular, API integration — Developed UI components and property search/filter functionality.

BLVD Connect – CarHub: 🌐 **blvdconnect.com/home**
Angular, API integration — Contributed to UI components and API-driven interface features.

The Debrief Project: 🌐 **debriefproject.org**
WordPress (Elementor) — Built structured frontend layouts and supported content-loading improvements.

Nordic Nutris: 🌐 **nordicnutris.com**
WordPress (Elementor) — Customized product and blog pages, with responsiveness and SEO considerations.

MOSHES LAW: 🌐 **mosheslaw.com**
WordPress (Elementor) — Created legal-service pages and improved responsive presentation.

Portfolio Website: 🌐 **mukund-vashisht.netlify.app**
React and Tailwind CSS — Designed and developed a personal project showcase.

Verdant: 🌐 **verdant-wp.netlify.app**
WordPress (Elementor) — Built a responsive landing page and reusable service sections.
